

Cultural Heritage

A two and half kilometres long sightseeing tour around the monuments of the town of Přerov starts at the Evangelical church and at the Comenius statue which is the oldest effigy of this Teacher of Nations in Moravia. It continues along the brewery which history dates back to the 15th century and which ranks among top beer manufacturers in Czechia. In front of the St. Michael's Church, the route veers to the Žerotín Square and leads to the synagogue, now Eastern Orthodox Church of St. Cyril and St. Methodius. The route continues along the St. Laurent Parish Church, Our Lady Chapel and the Town House which is a cultural centre of the town. From the TGM Square where a metal model of the town is situated, it goes further along the medieval town walls with a rest zone and a Neptun statue.

The route finishes in the Upper Square which is a dominant of the town. Our walk leads along some well preserved burgher houses with arcades to the St. George's Chapel from the 13th century and to the Statue of Jan Blahoslav thus inviting you to visit the mansion house. At present, Comenius Museum is located within its premises with precious exhibits documenting the rich history of Přerov. A beautiful view of the whole town from the high tower of the mansion will close our walk around the heritage of our ancestors.

citywalk

Through Předmostí back to the Prehistory

- 1 Monument to Mammoth Hunters
- 2 School Hill
- 3 Přerov Gulch autocross race track
- 4 Tom – young mammoth statue
- 5 Comenius primary school

Cultural Heritage

municipal tourist trails

idea citywalk

For our project, we have adopted the name „**citywalk**” and we would be happy if it became a reason to visit this town. We suggest a walk through picturesque recesses and new revelation of its rich history. Progressive solutions give the word „**walk**” a new meaning. Try to see for yourselves.

Following towns participate in the project:

- Bardo
- Česká Skalice
- Kędzierzyn-Koźle
- Kłodzko
- Přerov
- Świdnica

If you visit a tourist information centre in one of the above mentioned towns when on a stroll on walking trails, you can receive the „**Citywalker Certificate**” and a set of attractive objects, which you might find useful on other walks.

If you would like to share your impressions from the visit of this town, write on the address:

citywalk@citywalk.info

The project „Municipal Tourist Trails as an Integrated Travel Industry Product of towns in the Czech-Polish Border Area” is co-financed by the European Union under the European Regional Development Fund, from the resources of the Operational Programme Trans-national Cooperation Czech Republic – Poland 2007–2013.

Total project cost is: **1 110 597,20 €**
co-financed from ERDF: **944 007,62 €**

Priority axe II. Improvement of conditions for development of business environment and travel industry.

Supported area 2.2 Support for development of travel industry.

Relaxing Afternoon

Just a few steps away from the town centre, on the right bank of the Bečva River, a quiet zone providing a wide range of entertainment & relaxation is situated. The Michalov Town Park was created in 1904 upon a project by the garden architect from Prague – František Thomayer – and besides its beauty, it offers a rich refreshment in an original stylish restaurant. Three children’s playgrounds are available. The area of „lagoons” lying not far away from here serves to your active rest. This natural swimming pond with indispensable sanitary appliances and a skate park are frequently visited. The Ornithological Station providing the largest exhibition of birds in Central Europe is really worth seeing not only for school youth but also for large public.

Through the Floodplain of Přerov

About 5 kilometres long tour starts close to the confluence of the Bečva River and the Strhanec mill race not far away from the historic town centre. The sightseeing tour with abundantly illustrated interpretation boards offers, besides a pleasant walk through picturesque nooks with typical floodplain ecosystems, getting familiar with the rich history of the town. It will lead the visitors along the riverside to the boundary of the „Žebračka”/„Woman Begger” National Nature Reserve, to the „Lagoons” Sports & Recreation Area and from here along the well-known Ornithological Station to the Michalov Town Park.

Through Předmostí Back to the Prehistory

Almost 9 kilometres long tour starts at the Předmostí housing estate, not far away from the famous Skalka archaeological site. The Monument to Mammoth Hunters commemorates the world-famous findings thus uniquely presenting skeletal remnants of prehistoric animals. Interpretation boards with both prehistoric and modern history of Předmostí and those showing local particularities are placed around all the route leading through an attractive landscape. We will see the Přerov Gulch autocross race track, the untraditional „Monument to Fruit Trees”, the „School Hill” educational area, a life-sized young mammoth statue as well as the „Na Popovickém kopci” Protected Landscape Area during our sightseeing tour. After a pleasant walk through the nature, we will come back to Předmostí and visit a small museum of archaeology within premises of the local primary school.
